

Customer Advisory

Date: 4th November 2025

Dear Valued Customers

Subject: MEXP Trade – IMO Surcharge Revision Effective 1 Nov 2025 (ETD POL)

The IMO list has been updated — duplicate locations have been identified and removed.

To maintain a diverse portfolio of high-quality services for DG cargo shipments on the MEXP trade, ESL Trade Management will be revising the DG surcharge for both imports and exports to Manzanillo.

Please be informed of the upcoming revision to the IMO Surcharge quantum, applicable from all Far East, Indian Subcontinent, and Southeast Asia ports to Manzanillo, as well as from Manzanillo to the Far East, Indian Subcontinent, Southeast Asia, and Middle East. This update is not limited to the regions mentioned. The revised tariff will apply from 1 November 2025, determined by the cargo's actual departure date.

For MEXP trade, DG shipments are supported exclusively on ESL services to ensure safe and compliant handling. Feeder service corridors are not available for DG cargo.
